

Helix Group Registration

Return this form to:

TASC, DCRT
Building 12A, Room 1011
12 South Drive MSC 5605
National Institutes of Health
Bethesda, MD 20892-5605
FAX: 402-7349

Groups provide a mechanism for file sharing. On the Helix systems, by default, you are placed in an individual group so that only you can access your files. If you wish to share files with your co-workers, then you may join an existing group or form a new group.

NOTE: Because group membership implies potential privileged file access, one user must be designated as "group manager." That person may then authorize group membership for additional users.

Name (Please print): _____ Telephone: _____

Helix User Name: _____

Join an existing group? _____
